Name of Deceased \_\_\_\_\_

Date of Death \_\_\_\_\_

Date of Final Disposition of Body \_\_\_\_\_

The Federal Trade Regulation Rule for "Funeral Industry Practices" requires certain disclosures and prohibits misrepresentations. This Disclosure/Disclaimer Form is a check list we ask those we serve to read and sign if during the arrangements for the funeral of the aforementioned decedent our funeral home did or did not do the following.

I/We who made the arrangements for the funeral and final disposition of the remains of the aforementioned decedent do hereby attest to the following:

- I/We hereby acknowledge that I/we have the legal right to arrange the funeral services for the deceased and authorize the Tri-State Funeral Services, Inc., to perform the services, provide funeral goods and incur outside charges.
- I/We were given a General Price List effective January 1, 2013 prior to discussing prices, service and merchandise.
- I/We were shown a Casket Price List effective January 1, 2013 prior discussing prices of caskets.
- I/We were shown an Outer Burial Container Price List effective January 1, 2013 prior to discussing prices of outer burial containers.
- I/We were not told that embalming is required by law and were told that the law does not require embalming except in certain special cases. If embalming was provided, this was done with my/our permission.
- I/We were not told that any law requires embalming for direct cremations, immediate burial or a funeral using a sealed casket or if refrigeration is available and the funeral is without viewing or visitation with a closed casket.
- I/We were not told that any law requires a casket for direct cremation.
- I/We were told that state law does not require the purchase of an outer burial container or any of the funeral goods or services. I/We have selected except as set forth on the statement of funeral goods and services selected.
- No claims were made to me/us as to the merchandise or other offerings of this funeral firm (embalming, casket, outer burial container) that embalming or use of any merchandise available from this firm would delay the decomposition of the remains for a long term or indefinite time or would protect the body from graveside substances. No representations or warranties were made to us about the protective features of caskets or outer burial containers other than those made by the manufacturer. The only warranties expressed or implied, granted in connection with goods sold with the funeral service we arranged were the expressed written warranties, if any, extended by the manufacturer thereof. No other warranties or merchandising fitness for a particular purpose were extended to us.
- I/We were told that the amount of each of the cash advance items was the actual cost to the funeral home.
